For your information –

The attached documents are EPA's first A & B letter, EPA's response to the Corps identification of addition wetland impacts (144 ac to 181 +/-), and the Corps letter of denial.

Another email will follow with EPA's second round of A and B letters in response to a PN for a proposing a project reduced in scale (29 +/- acres) and Corps second denial letter.

Stef – Jess suggested I get with you tomorrow to go through the enforcement files on Pam's desk. I can come down anytime tomorrow morning that works for you.

Thanks.

Carol
